

## **Beware of online scams**

It has been brought to our attention that online fraudsters are using our name to offer bogus franchising partnerships. The Anglo-American Centre in Cagliari is an independent school and does not have franchises or satellite schools.

We have also received numerous e-mails from different people thanking us for a job offer. They are then asked to pay money for a flight and a visa application. Please note that we never ask teachers to pay any kind of fee in order to secure employment with us, nor would we expect teachers to send us money for their flights.

Please be careful not to fall victim to these types of scams.
